

i want the law upheld, it is so nice to be able to sit down to dinner with my family and not have the phone rining off the hook with people trying to sell me stuff that i don't need or want. if i need something i know what it is and i will take myself to the store and get it, i don't need somone trying to talk me into making a purchase of something i don't need!! and worse then that is when they call on sat. or sun. mornings please give us all a break!!
